PROFESSIONAL SUMMARY

B.Tech Computer Science Engineering student (3rd Year) at O.P. Jindal University with a strong academic record (SGPA: 8.16). Currently interning with the IT Department at Shanti Group – GD Logistics, Raipur, supporting network operations, server/hosting management, ERP systems, and web development (HTML, CSS, JavaScript, SQL, PHP, WordPress). Previously completed a professional internship at South Eastern Coalfields Limited (SECL), a Government of India enterprise, designing and deploying real-world software applications. Solid foundation in DSA, OOP, Operating Systems, and Computer Networks. Seeking an internship in any domain of Computer Science Engineering.

TECHNICAL SKILLS

Programming Languages: C, Java, JavaScript, Python

Core CS: DSA, OOP, Operating Systems, Computer Networks, Theory of Computation

Web Development: HTML5, CSS3, JavaScript (ES6+), PHP, SQL, WordPress, Responsive Design, UI/UX Basics

IT Infrastructure: Network Setup & Troubleshooting, Server & Hosting Management, IT Help Desk Support, ERP Systems Support

Tools & Platforms: Git, GitHub, VS Code, QuaggaJS, OpenCV (basic)

Soft Skills: Problem Solving, Team Collaboration, Communication, Analytical Thinking

INTERNSHIP EXPERIENCE

IT Intern – IT Support & Networking

IT Department, Shanti Group – GD Logistics, Raipur | June 2026 – Present (Ongoing)

- Supporting network setup, configuration, and troubleshooting across office and warehouse IT infrastructure to ensure reliable connectivity.
- Assisting with server and hosting management, including monitoring uptime and maintaining system stability.
- Providing IT help desk support to end users, resolving hardware, software, and connectivity issues in a timely manner.
- Contributing to ERP-related IT support, helping maintain and troubleshoot system access and data workflows for business operations.
- Built erawatdevelopers.com using HTML, CSS, JavaScript, SQL, and PHP, handling front-end structure, styling, and backend/database integration.
- Working on the gdlogisticspark.com website in WordPress, coordinating with WES Consultancy, Raipur, to learn and apply industry site-building practices.

IT Intern (Web Development)

IT Department, South Eastern Coalfields Limited (SECL), Raigarh | June 2025 – July 2025

- Designed and developed three functional applications — a Barcode Generator, a real-time Barcode Scanner, and a Chat Interface — deployed for organizational use.
- Applied data encoding/decoding logic and real-time system design to build accurate barcode processing tools.
- Followed professional practices: modular architecture, Git version control, cross-platform compatibility, and documentation.
- Gained end-to-end project delivery experience within a structured enterprise environment.

PROJECTS

erawatdevelopers.com – Business Website

PHP, HTML, CSS, JavaScript, SQL | Shanti Group Internship

- Built the complete website from scratch primarily in PHP, with HTML, CSS, and JavaScript for the front end and SQL for backend/database-driven content.

gdlogisticspark.com – Company Website

WordPress | In Progress, with WES Consultancy, Raipur | Shanti Group Internship

- Learning and building the website in WordPress, working in coordination with WES Consultancy, Raipur, on an ongoing, lined-up site build.

Real-Time Barcode Scanner – Vision-Based Detection App

JavaScript, QuaggaJS | Real-Time Systems · Pattern Recognition | SECL Internship

- Built a camera-based barcode detection system supporting multiple formats with instant and accurate decoding.
- Optimized the processing pipeline for speed and reliability across varied environmental conditions.

Barcode Generator – Data Encoding Application

HTML, CSS, JavaScript | Algorithms · Data Encoding | SECL Internship

- Developed a tool that converts alphanumeric input into machine-readable barcodes with real-time rendering and PNG export.
- Focused on algorithmic correctness and usability to deliver a workflow-efficient application.

Chat Interface – Real-Time Communication System

HTML, CSS, JavaScript | Event-Driven Programming · UI/UX | SECL Internship

- Designed an event-driven messaging interface with dynamic DOM updates and a clean, responsive UX.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science Engineering

O.P. Jindal University, Raigarh, Chhattisgarh | Expected: 2027 | SGPA: 8.16 (up to 5th Semester)

Relevant Coursework: Data Structures & Algorithms, OOP (Java), Computer Networks, Operating Systems, Theory of Computation, Digital System Design, Computer Organization & Architecture

CERTIFICATIONS

- Siemens Project Manager Job Simulation – Forage | KPI Development & Dashboard Management [May 2026]
- Deloitte Cyber Job Simulation – Forage | Threat Analysis & Risk Assessment
- Data Analytics Essentials – Cisco Networking Academy | Data Visualization in Python – Coursera
- Fundamentals of Network Communication – Coursera | IoT – NPTEL
